Kyung Il Medical Inc.

Product Highlights

Mediace[®]RPR / Mediace[®]TPLA[®]

SEKISUI MEDICAL's "Mediace[®]TPLA[®]" and "Mediace[®]RPR" are the world's first diagnostic reagents for syphilis on a fully automated system. These reagents are used to rapidly measure serum anti-TP antibodies and syphilitic antilipid antibodies using particles of the artificial carrier latex with a measurement principle based on latex turbidimetry.
